

```

package com;
public class A {
    public static void main(String[] args){
        int i=0;
        while(i<10){
            i++;
        }
        System.out.println(i);
    }
}

```
